# THE NOVERA STAFF FOR 1982

Starting the year out, these three seniors had the experience to lay the plans for your 1982 Carrollton High annual; Cheryl Bramsted Associate Editor and Editor of class sections Heather Ellsworth Editor-in-Chief; Jane Wade Business Manager, Art Editor, Division pages.

Above: Barb Williams, one of two up and coming underclassmen. Right: Mark Rittman, Division pages.

## — FROM THE ADVISOR —

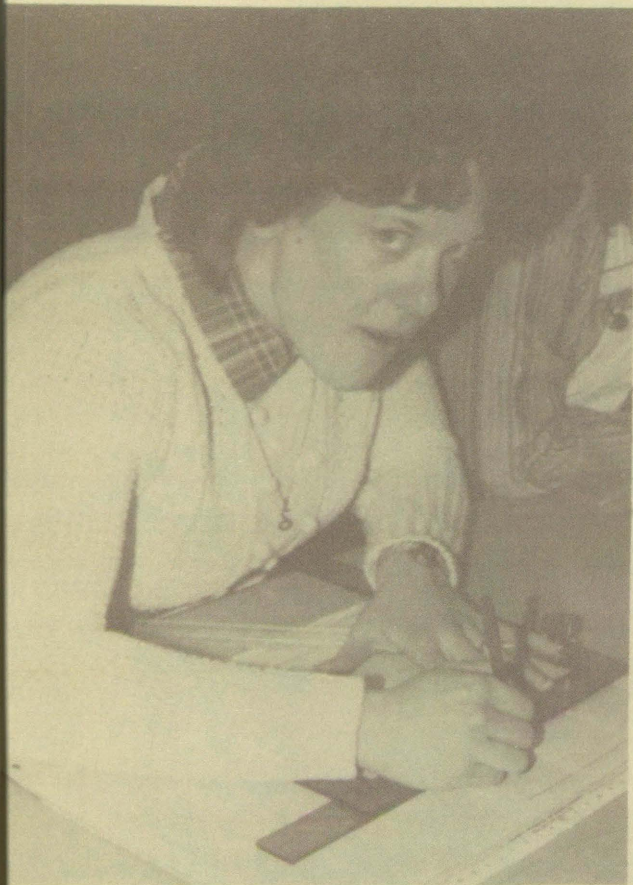

We've put together another C.H.S. Annual! You say "so?"

The memories will fade but let's all remember this year for the school activities which did take place.

Remember that we did have a homecoming, a pep-week, organized class activities, a sports program, clubs, and the Novera; all without a single tax dollar. This was done by Carrollton citizens, students and staff who have pulled together and will continue to do so through these tough days. As you browse through the 1982 Novera, remember these citizens even as the years pass by. This is their book.

Harold D. Ellsworth

## LIFE GOES ON

In three words I can sum up everything I've learned about life: It goes on. The important thing to remember is that there is a direction and a continuity. Despite our fears and worries, life continues.

### LIFE

Let me but live my life from year to year,  
 With forward face and unreluctant soul;  
 No hurrying to, nor turning from, the goal;  
 Not mourning for the things that disappear  
 In the dim past, nor holding back in fear  
 From what the future wills; but with a whole  
 And happy heart, that pays its toll  
 To Youth and Age, and travels on with cheer.

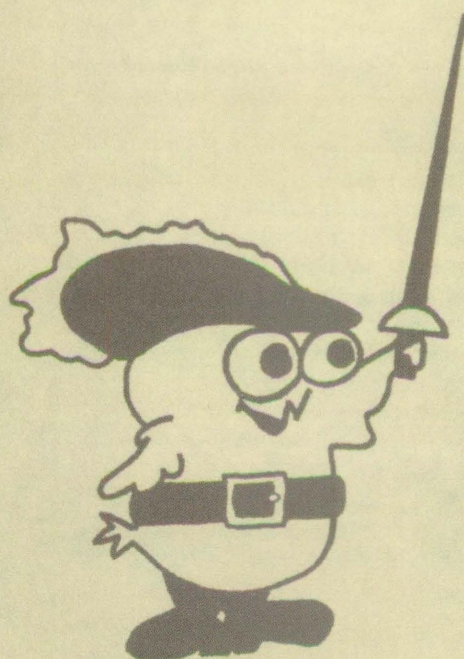

So let the way wind up the hill or down,  
 O'er rough or smooth, the journey will be joy:  
 Still seeking what I sought when but a boy,  
 New friendship, high adventure, and a crown,  
 My heart will keep the courage of the quest,  
 And hope the road's last turn will be the best.

You can tell a freshman  
by his slap-happy look.  
You can tell a sophomore  
because he carries a comic book.  
You can tell a junior

You can tell a Senior

This years varsity team finished their season with a 1-9 record, a disappointing and slow season. When asked for a comment about this years season, coach Karac commented that this year was disappointing but important learning wise. The gained maturity and playing time will aid the team next year.

The most disappointing game took place against Garber. Loosing in double overtime, homecoming victory celebrations were shatered. Better Luck next year Cavs!

# NOVERA SPOTLIGHT: PEPWEEK SIGNS

Every year in February Carrollton High School recognizes its annual Pepweek. This is one special week set aside to generate pep and school spirit. During the week, class competitions and activities are held, such as this years Slave Day and Punk or Preppy Day. The culmination of this week is a boys basketball game, but perhaps the biggest and most exciting event of Pepweek is the Sign Competition. This is when members of each class get together to pool their artistic and imaginative talents to make signs for their classes. Near the end of Pepweek the signs are

judged, and the class with the most color, creativity, and imagination, and spirit wins. This year that class was the Juniors. Although only a meager hand full of students participate in making the signs, they usually reflect the time, effort, imagination, and spirit of those students. Recently, other schools in the area have tried to copy the Carrollton Pepweek idea. But they and many other schools, have yet to meet or beat the color, imagation or spirit of the Carrollton Cavalier Pep week signs.

## Editorially Speaking

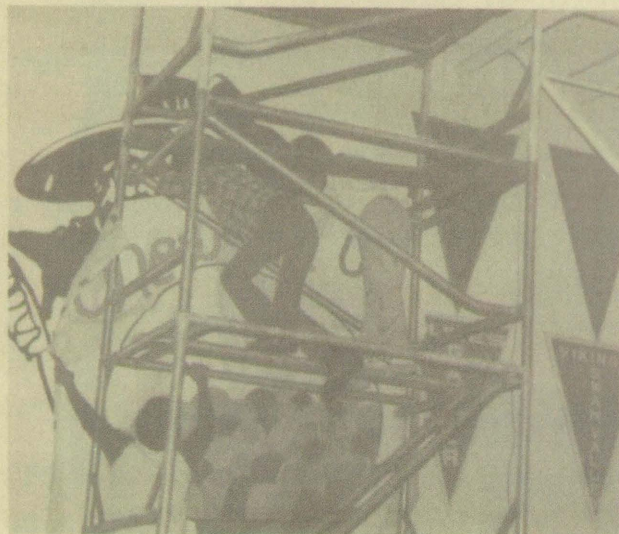

At the request of two Novera staff members, Barbara A. Williams and Yvette L. Pugh, both of the class of '84, this spread is given over to an unusual activity for a school annual. Editorializing on a topic of concern to many at C.H.S.

### "School Spirit!"

The concern is, "school spirit or rather this school's lack of it. What is school spirit? Well, it isn't ridiculing your school basketball team or any other team and it certainly isn't allowing the opposing teams fan's to come in and out number you on your home territory."

Barbara and Yvette go on to point out their obvious frustrations with their "spiritless" school.

And indeed these thoughts have been

repeatedly expressed by others in Carrollton. The impatience of youth contributes a little to this frustration, and so does the lack of understanding by many of what Carrollton is, as well as confusion over what spirit is!

On this page I chose to print two pictures which exemplify other facts of spirit. One shows three junior boys struggling to hang a sign for pep-week. The other is a photo of a mystery woman in the front trophy case at C.H.S. Spirit? Yes!!

Spirit is more than a bigger, noisier crowd at games. More than a feeling of "we're number 1!"

Spirit is a comfortable feeling of belonging. A feeling of pride in that association. Spirit is having fun with your peers, not at their expense. Spirit is being part of an active group working to promote the welfare of all, and achieving at least some of your goal. Spirit is

laughing with the humor of human nature as it is played out in the halls and classrooms during the school day.

Do all of us have this spirit? Barbara and Yvette believe we don't and I agree. But let's remember, students don't chose to attend their local public school, it's were they live! Their committment is nominal.

So let's speak of those who attend and get involved. There are many, and yes, more would surely be welcomed. Spirit, did you have it this year? Did you attend a game, did you belong to a team, did you smile inside when someone asked "and what school do you attend?", did you work on a class project, and did you laugh with others about the humor in our daily routine?

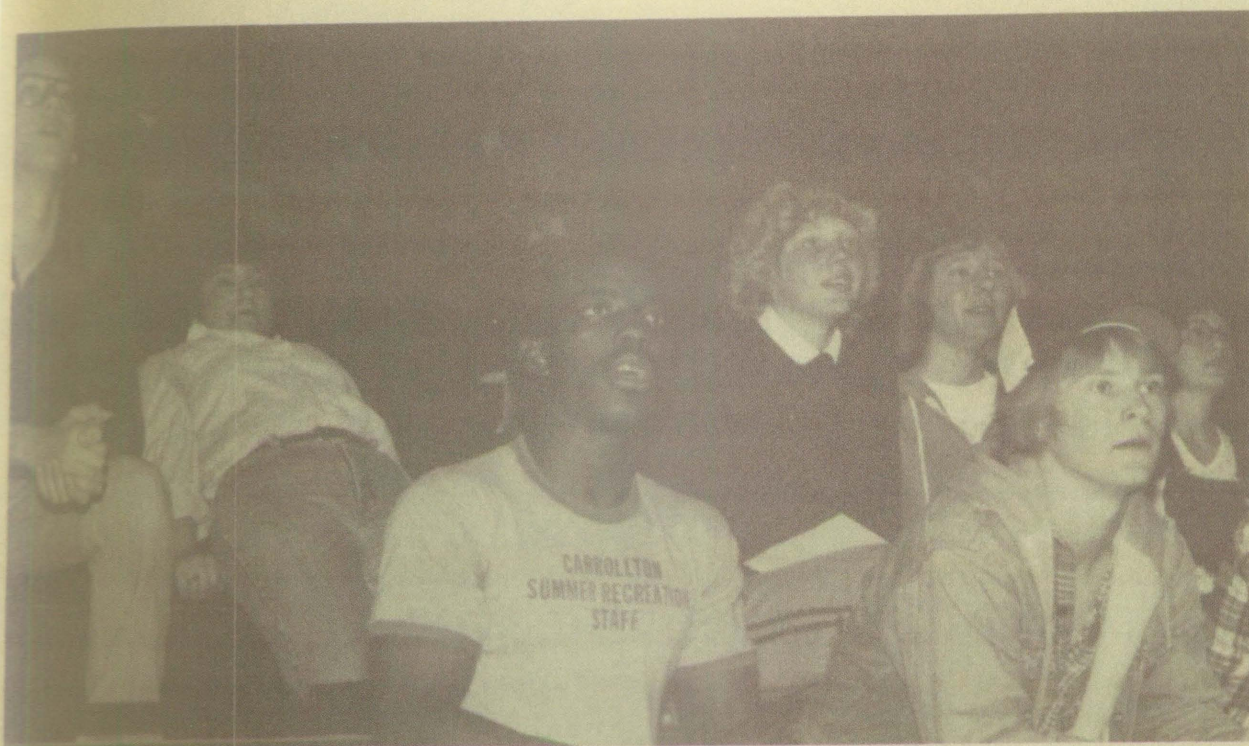

If you did, you have spirit. If you didn't why not? P.S. Those three junior boys helped their class take 1st in pep-week sign contest to go with the 1st in over all pep-week competition.

The mystery calendar for February? Well, it seems that the Middle School office offered free candy to anyone who could identify this valentine day beauty and over 100 kids showed

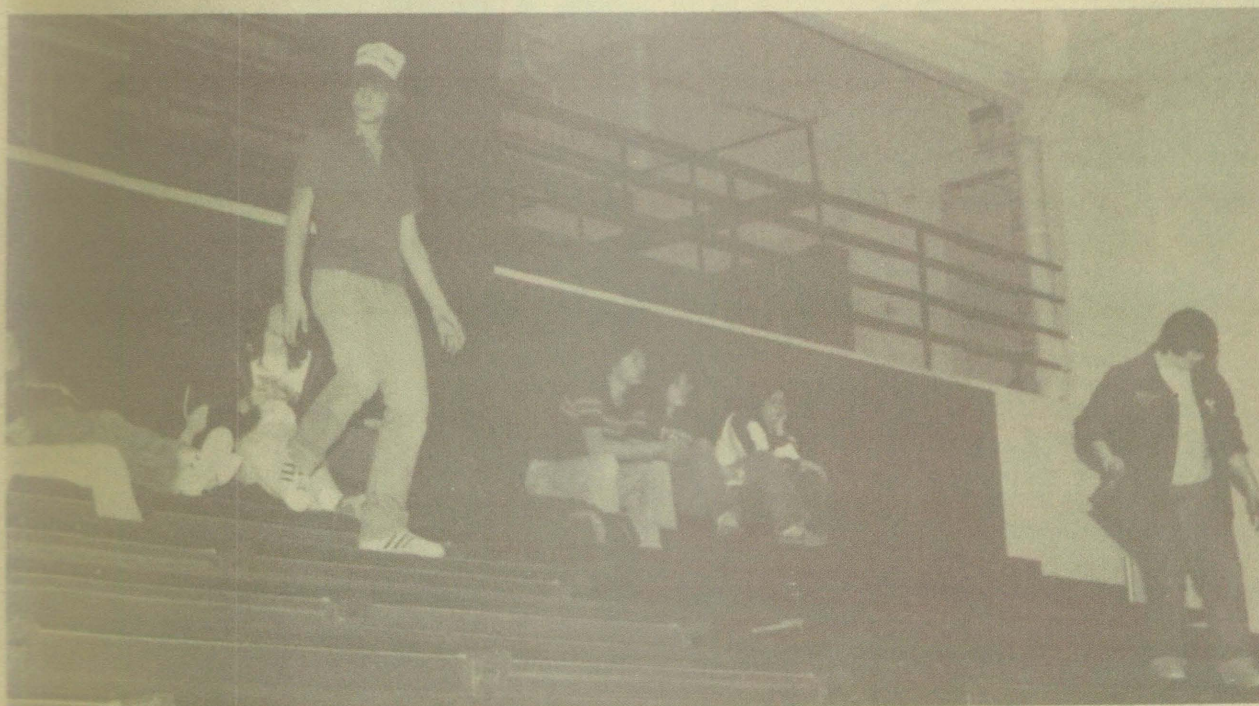

up to claim the prize. Rumor has it that no one was able to correctly guess her idenity but we have been able through diligent investigation to ascertain that there is a strong possibility that it may be Mr. Seemann's long lost sister, name unknown.

Enthusiastic students such as these epitomize what Carrollton School spirit should be.

Empty bleachers and poor attendance are in evidence at far too many Carrollton School activities.
